ABOUT US

Our mission is to bring hope, advocate for womens rights, put smile, and empower them spiritually, economically, socially and promote green businesses among them. We support widows, orphans and the internally displaced persons. We also advocates for their rights Specifically, BEBOF seeks to identify and bring together abandoned widows, orphans, internally displaced and underprivileged persons in their communities; we empower widows who are denied their rights to inheritance economically and financially, we identify and bring these widows into communities or what we called "Widows Ecosystem". We promote green businesses among these widows.
